The screenshot displays the IBM Cloud dashboard in a web browser. The browser's address bar shows 'cloud.ibm.com'. The dashboard header includes the IBM Cloud logo, a search bar, and navigation links for 'Catalog', 'Manage', and 'Abirami M's Account'. The main content area is titled 'Dashboard' and features a 'For you' section with six recommended actions: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Build a web app with Watson Speech to Text' (Deploy a conversational interface compatible with any application, device, or channel), 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes), 'Build a virtual machine' (Lift and shift your VMware workloads to the IBM Cloud), 'Build and deploy Node.js apps' (Go from zero to production in minutes with your Node.js applications, integrate with Watson and other services, scale your microservices), and 'Build a Cloud' (Upgrade to create protect Cloud). Each action card includes a 'Getting started' button and a duration (e.g., 15 min, 2 hr, 7 min). Below the 'For you' section, there are three panels: 'User access' (Manage users), 'News' (View all), and 'Planned maintenance' (View). The 'News' panel shows a headline: 'IBM Adds Lifecycle Services to Enterprise Networking and Deepens Strategic Partnership with Cisco'. The bottom of the image shows a Windows taskbar with the search bar and various application icons.
